The specifications and/or plans for this plumbing product have been reviewed and determined to be in compliance with chapters Comm 82 through 84, Wisconsin Administrative Code, and Chapters 145 and 160, Wisconsin Statutes.

The Department hereby issues an approval based on the Wisconsin Statutes and the Wisconsin Administrative Code. This approval is valid until the end of January 2012.

This approval is contingent upon compliance with the following stipulation(s):

- This manual is approved for the following use:
  - Stormwater and clearwater subsurface infiltration plumbing systems.
- Approval of this Technical Standard is for recognition for designs of stormwater and clearwater subsurface infiltration plumbing systems serving building sites covered by this manual. Individual submittals for detention, treatment and infiltration of stormwater and clearwater plumbing systems designed, installed and maintained in accordance with this manual and chs. Comm 81-85 and ch. NR 151 must be submitted to the department or its agents for review and approval. Any conflicts between conditions of approval for individual submittals and this manual, the conditions of approval shall prevail.
- At such time that this manual is amended, revised, replaced or discontinued by the Wisconsin department of natural resources (WDNR), such notice shall be made to the department prior to the date of expiration so noted herein.
- This manual, maintained by the Wisconsin department of natural resources (WDNR), may be accessed in it's entirety via the following webpage(s): <http://dnr.wi.gov/org/water/wm/nps/stormwater/techstds.htm#Post> or [www.SOCwisconsin.org](http://www.SOCwisconsin.org).
- For information regarding stormwater and clearwater conveyance piping materials, joints and connections, refer to ch. Comm 84; see also <http://www.legis.state.wi.us/rsb/code/comm/comm081.html> or <http://www.legis.state.wi.us/rsb/>.

The department is in no way endorsing this product or any advertising, and is not responsible for any situation which may result from its use.
